

Learn with Workday

Upskill in a Digital World

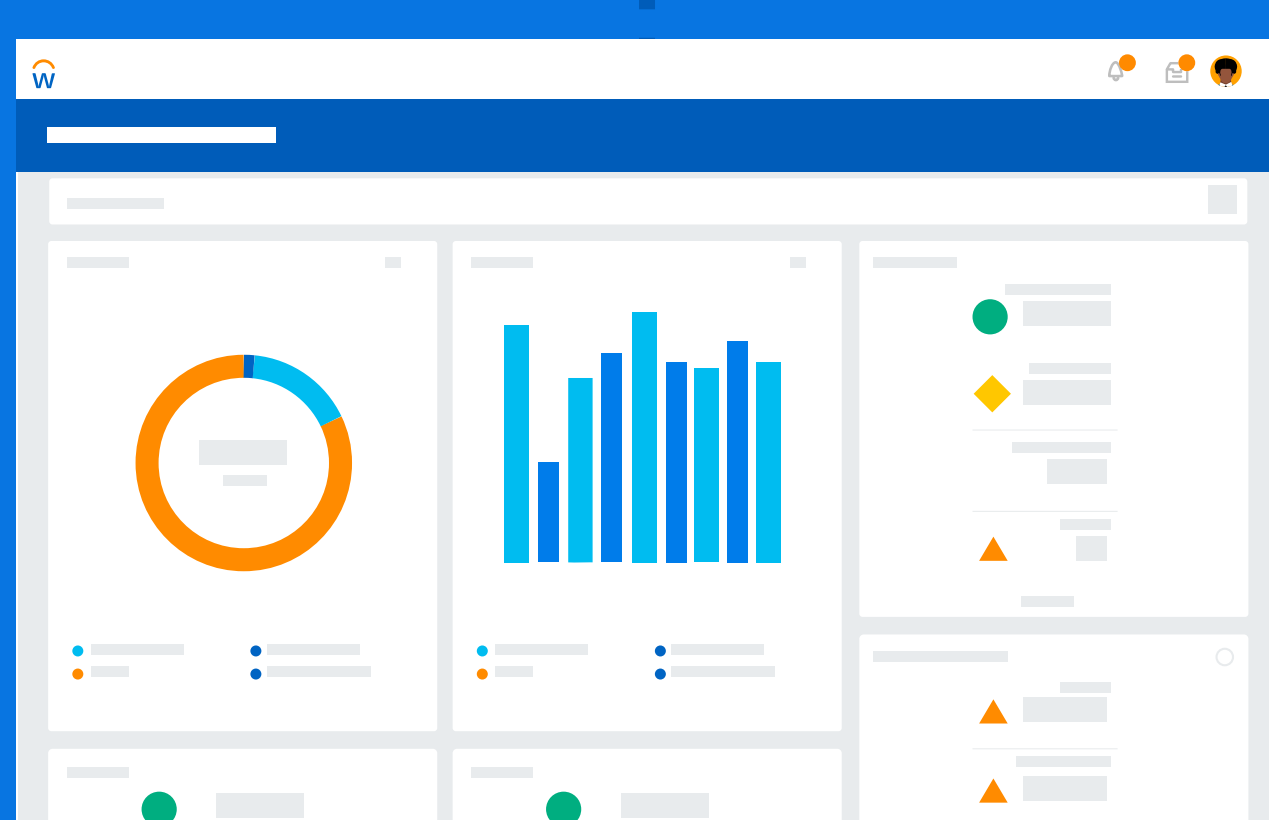

Do you want to kickstart your career with Workday technology?

Learn with Workday enables you to take your first step with the industry's most powerful platform—Workday.

This program includes two courses that build upon topics to prepare you to embark on a career with Workday technology.

By the end of each course, you'll learn how:

Workday Basics

- To navigate Workday and confidently use Workday terminology.
- Built-in reporting allows for one source of truth.
- To harness the power of business processes and configurable security frameworks to meet changing business requirements through real-life scenarios.

5 Hour Course

~~US\$99~~

Workday Beyond Basics

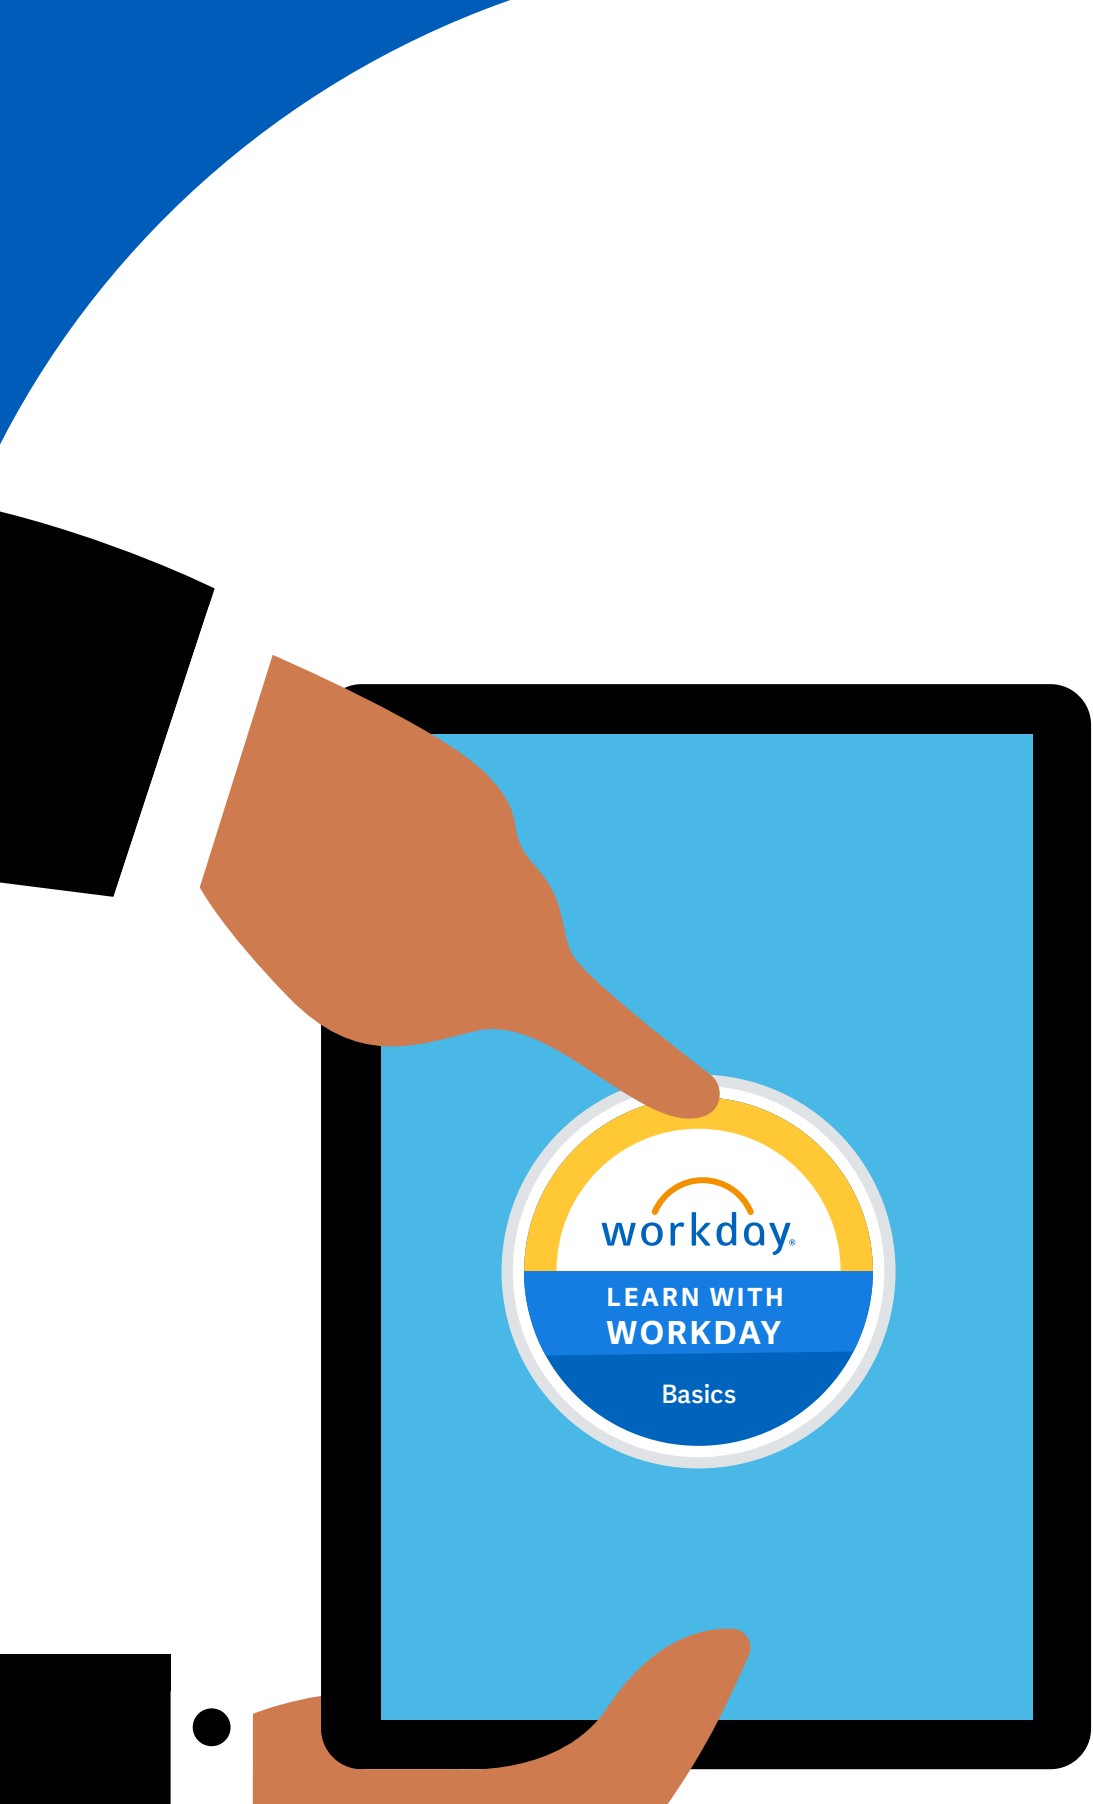

- Certain actions impact company and location organizations within a business.
- To customize a tenant to match a company's branding.
- Security can determine what a user can access in Workday.
- Business processes can be configured to take advantage of advanced features.
- To share and schedule reports.

5 Hour Course

~~US\$99~~

Introductory Offer:

The Learn with Workday courses are available at no cost for a limited time.

You've earned it. Now share it!

After completing these foundational courses, broadcast your achievement to current and future employers to get the recognition you deserve with a digital badge.
