

Workday Beyond Basics

A Learn with Workday Course

Ready to build on the knowledge you gained in Workday Basics and take the next step in your learning journey?

Workday Beyond Basics is a five hour training course that dives deeper into the Workday framework, introduces additional Workday products and features and explores real world business cases that showcase Workday in action.

By the end of the course, you'll learn how:

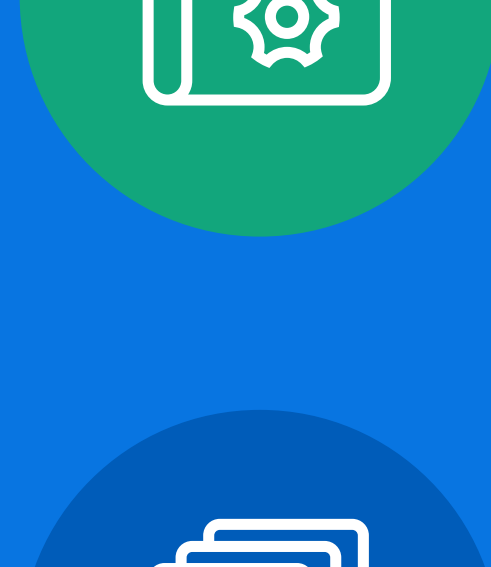

Certain actions impact company and location organizations within a business.

To customize a tenant to match a company's branding.

Security can determine what a user can access in Workday.

Business processes can be configured to take advantage of advanced features.

To share and schedule reports.

You've earned it. Now share it!

After completing these foundational courses, broadcast your achievement to current and future employers to get the recognition you deserve with a digital badge.

Whether you're a seasoned professional or just starting out, **Workday Beyond Basics** will help you develop the confidence, skills, and knowledge you need to accelerate your career with Workday technology.
